Bridge Deck Improvements on Palatine Road over Milwaukee Avenue

CHICAGO – The Illinois Department of Transportation (IDOT) announced that lane closures will take place on Palatine Road over Milwaukee Avenue (U.S. 45/Illinois 25), in Wheeling, beginning, weather permitting, the week of August 14. The closures are necessary for a bridge deck improvement project.

In order to complete the work, the structure that carries Palatine Road over Milwaukee Avenue will be reduced to one lane in each direction.

The scope of the project consists of bridge deck improvement to extend the life of the bridge and provide a smoother ride for motorists. The project is expected to be completed in Fall 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
